Minutes Workshop Meeting. 10th June 2019.

Present / Apologies (From attendance sheet passed around)

Present: Keith Jones, Phil Deane Thomas Hill, Alan Pentecost, Graeme Stokes, Val Lipping, Patrick Thorpe, Warren Rankin, John Field, Barry Belford, Frank Williams, John Moss.

Apologies: Keith Allen, Keith Moses, Fred Warr, Trevor Simpson, Ray Elyard, Steve Hooper, Michael Bryant, Ken McEwen.

Meeting opened by Keith Jones at 9:30 a.m.

Minutes:

Propose that the minutes of our previous meeting held on 13th. May 2019 as published in the May Cubby House News be taken as read.

Moved By: Alan Pentecost. Seconded By: Barry Belford.

Business arising from minutes: Nil.

Correspondence In: Nil.

Correspondence Out: Sympathy card's sent to Ken McEwen who lost his wife recently and Bruce Canham for the loss of his daughter. A thank you letter to Margaret Richardson who donated Books and Magazines to the Cubby House that belonged to her husband Bernie who was a past Secretary of the club. About 13 years ago.

Treasurers Report. Nil report due to his absence.

REPORTS:

Alan Pentecost: No. 3 Lathe needed repairs Patrick Thorpe helped .The same problem is on all the Lathes which need cleaning so the Tail Stock moves along the Bed easily.

GENERAL BUSINESS:

Alan Pentecost bought a 50mm. wheel cutter for the club a size we did not have at the wood show recently. A size we did not have and is needed.

Graham Stokes: Attended the 3 days of the wood show the previous 3 days it was well attended and the school children were well behaved on Friday. On behalf of the Guild, Graham thanked the Cubby House for the loan of the tables and table cloths used at the wood show.

John Moss: John and his wife have been making Plaques for Kogarah R.S.L. made out of the original floor boards from the old club that was demolished. This work could lead to a generous donation to the Cubby House by the R.S.L.

Barry Belford: Malcolm Stewart is making a Tray that we can Raffle at Bunnings and elsewhere for Christmas. This idea can be used at other important dates on the calendar to help raise funds for the Club.

Patrick Thorpe: Has made a decision on the Tanner Lathe that has been for sale for many months with no takers. The price will be reduced along with the bandsaw and dust collection, see the June magazine for details.

Keith Jones: Their will be a Toy making week starts Monday 24th. June 10, 2019 to Friday 28th.

TOY SALE: Saturday 10th. August 2019 and Sunday 11th. 9.00 a.m. to 4.00 p.m. both days. Discussion was held on a advertising to be placed out the front how big it should be and what is to be on it. Also advertising pamphlets have to be printed (how many and where the will be distributed.)

If there is no further business. I declare the meeting closed at 10.15 a.m.

PRESIDENTS REPORT

I would like to extend our sympathies to Bruce and Susan Canham on the loss of their Daughter, Frances. Also our thoughts are with Ken McEwen on the loss of his wife, Kathleen. A sad time for all.

Our next Toy Week will be from Monday 24th June to Friday 28th June. Hoping to see more members this time as our last Toy Week was not very well supported but to those who did come a huge thank you.

A very poor Show and Tell in May. If anyone has any suggestions for the future Show and Tell please let me know and I will see what we can do.

Saturday 15th June Maxi Day theme will be "Open" so let's see the whole table full. Host will be Paul Higgins.

July Maxi Day theme is Mortar and Pestle and the Host is George Blundell. Fair day at Bunnings BBQ and the weather was a little on the cool side. Thanks to all who came to help.

Let's keep turning or anything you like

Keith Jones. President.

SHOW & TELL (MAY 2019)

Kathy McEwen

Here are some of Toy's made You could make some simple toys at home or at the Cubby House.

George Blundell

Alan Brooker

Items For Sale

Bandsaw \$50.00 Dust extractor \$50.00

Lathe & Tools \$500.00

TIMBER IN THE

TURNING WORLD

Discover the timbers of the turning world and get a taste of the possibilities of working in different woods with our gallery of bowls from Croft Supplies.

Part of the enjoyment of woodturning, especially for the enthusiast turner, is discovering new timbers.

Each and every timber has different characteristics ranging from colour to figure, grain and texture, not to say the ability to take a good finish from the tool and an end result that will take a fine finish or polish. Some timbers will blunt the tools more than others. Some can cause skin or nasal irritation from the dust, and some are full of natural imperfections such as staining from contact with metals, bacterial or beetle infestation that make them natural wonders. But one thing is for sure, and that is each and every piece we turn is different, and all wood turners approach a new piece of timber on the lathe with eager expectations to see just what will be revealed by the cuts that they take and the form into which it can be turned.

Wood turners are at a great advantage over other woodworkers as they can make use of small pieces of timber, offcuts or even pruning's from garden specimen trees, and they do not necessarily have the problems of having to avoid flaws and faults in the wood. For wood turners these can even be used as a feature.

Wood turners can also take greater advantage of 'exotics', a loose term for many of the hardwood timbers imported from areas such as the equatorial regions, as these present wonderful colours and figure. Many of these timbers come from trees that when mature are not very large in size and may well present problems of shakes and cracks in the seasoning process; this can result in a good deal of wastage with only small size blanks available rather than the boards required by furniture makers. But, of course, the wastage, scarcity, and size of tree, apart from the distance that the timber actually travels, will all be reflected in the price. As turners, the sizes we use on the lathe are relatively small.

Craft Supplies is one of the leading suppliers of a wide range of timbers for Wood turners in particular as well as cabinet makers and musical instrument makers, and in association with them we take the opportunity to present here a wide range of turned bowls and other pieces which clearly show the characteristics of a wide range of timbers that includes both home-grown species as well as many 'exotics'. Craft Supplies stock over 140 different timbers, but for sizes of blanks, prices and current availability, it is advisable to check their catalogue (price £3) or better still visit the company's premises. As not all of the timbers they stock are featured in the catalogue. And, for those who gain a fascination with different timbers as much as with their turning, Craft Supplies also offer a Wood Club that gives entitlements to discounts on timber purchases, special offers and notification of new timbers in stock.

In fact the Craft Supplies' stock of turning materials is much more extensive than the timbers featured here and also includes other woodturning materials such as turning nuts, soft stone and polyester products alternative ivory horn an tortoiseshell For further details, contact Craft Supplies Ltd, The Mill Millers Dale, Nr Buxton, Derbyshire SK178SN Tel 01298 871636 F (H298 872263 Email sales@craftsupplies.co.uk Website <http://www.craftsupplies.co.uk>
