A SENIOR CITIZEN DEFINED

A Senior Citizen is one who was here before The Pill, television, frozen food, credit cards and ball point pens. For us, time-sharing meant togetherness, not computers, and a chip meant a piece of wood.

Hardware meant hard wear, and softwear wasn't even a word. Teenagers never wore slacks.

We were before pantyhose, drip-dry clothes, dish washers, clothes dryers and electric blankets.

We got married first and then lived together. (How quaint can one be?). Girls wore Peter Pan collars and thought "cleavage" was something butchers did.

We were before Batman, vitamin pills, disposable diapers, pizzas, instant coffee and even Chinese takeaways.

In our day, cigarette smoking was "fashionable", grass was for mowing, pot was something you cooked in. A gay person was the life of the party and nothing more, while Aids meant beauty lotions, or help for someone in trouble.

We are today's Senior Citizens, a hardy bunch when you think of how the world has changed and of the adjustments we have had to make.

PRESIDENTS REPORT

Hi Guys

The Following is a message from our President Keith Jones.

I am sure you have all been keeping up with the latest measures Government has implemented to try and control the spread of COVID-19 virus in our community.

One of the most important of these is social distancing, a measure which has led to the closure of all social gatherings with severe penalties for those who don't comply. I therefore need with regret to inform you that effective immediately The Cubby House is closed for an indefinite period of time until this virus is eradicated completely.

I know a lot of you look forward, like myself to coming down to the Cubby House to share in the camaraderie and simply to catch up with your mates. Unfortunately this is on longer possible for the foreseeable future, but please make sure that you continue to keep in contact with your mates and make sure that they are OK.

Give them a ring, make sure that they are looking after themselves, we will get through this it's simply a matter of time until we can all get back together and our lives return to normal.

Stay safe and make sure you look after yourselves.

Keith Jones. President.

SHOW & TELL (MARCH 2020)

FOLDING A BAND-SAW BLADE

Store band-saw blades by folding them in three coils and hanging them on pegs on the workshop wall. Until you have developed the knack of folding a blade, wear gloves to protect your hands and wrists.

With the teeth facing away from you, hold one side of the loop in each hand; at the same time, hold the blade lightly under one foot (1). Bring your hands together, allowing the top of the loop to bend towards the floor (2). Cross the blade over itself to form three coils (3), then let it fall lightly to the floor.

To unfold a coiled band, hold it securely while you separate the coils slowly and allow the blade to spring open away from you.

1 Hold the band in both hands and under one foot

2 Bring hands together to form a loop in the blade

3 Cross the blade over to form three coils, then let it fall

Thanks to John Moss
