PRESIDENTS REPORT

Sadly we lost one of our long time members, Alan Shoebridge, and so we send our Sympathies to his family and friends. It was nice to see so many of our members at Alan's funeral.

Sorry to hear George Blundell had a fall from a ladder (no more ladders George).
Great sunny day at Bunnings on Friday 13th March and thanks to all who helped out.
With the easter show cancelled for this year, so those who were putting their woodwork in we have to Wait until next year. Maxi Day 21st March the theme is open to anything and host is George Blundell.

Host for April Saturday 18th Maxi Day is Bruce Vaughan and the theme is lamps with a difference.
Don't forget the woodworking table which has been very slack lately.

Let's keep turning or whatever
Keith Jones. President.

A message to make you think..

I had spent an hour in the bank with my dad as he had to transfer some money. I couldn't resist and asked, "Dad, why don't we activate your internet banking?"

"Why would I do that?" he asked...

"Well, then you won't have to spend an hour here for things like transfer. You can even do your shopping online, everything will be so easy!" I was so excited about initiating him into the world of Net banking.

He asked "If I do that, I won't have to step out of the house?

"That's right"! I said, I told him how even grocery can be delivered to the door now and how Amazon delivers everything!

His answer left me tongue-tied, he said: *"Since I entered this bank today, I met four of my friends, I have chatted a while with the staff that know me very well by now.*

You know I'm alone... this is the company I need. I like to get ready and come to the bank, I have enough time and it is the *physical touch*I crave. Two years back when I became ill, the fruit store owner came to see me and sat by my bedside and cried.

When your Mum fell down a few days back while on her morning walk, our local grocer saw her and immediately rushed to his car to and drove her home as he knows where I live.

Would I have that 'human' touch if everything became online?

Why would I want everything delivered to me and force me to interact with just my computer?

I like to know the person I'm dealing with and not just the 'seller'.

It creates bonds and relationships, does online deliver all this as well?"
